chapter 6 Disassembly And Maintenance

One thing you should be aware of when cleaning the bore is the need to avoid a jointed rod For emergency or field use, using a jointed rod is OK But for the majority of your cleaning (for those not engaged in the field in dusting bad guys) you want to use a single-piece rod like a Dewey rod, or an Uncle Mikes, and a rod guide More on that later

M1 Carbine, - NPS.gov Homepage (U.S. National Park Service)

The manual of arms for drill with the carbine is identical to the M1 Rifle A paramount safety concern with the carbine is the shortened length of the barrel, especially if firing in ranks NPS Demonstrations currently envision only solitary or individual firings in public interpretation, but
