**The Blank Swan** Dec 14 2020 October 19th 1987 was a day of huge change for the global finance industry. On this day the stock market crashed, the Nobel Prize winning Black-Scholes formula failed and volatility smiles were born, and on this day Elie Ayache began his career, on the trading floor of the French Futures and Options Exchange. Experts everywhere sought to find a model for this event, and ways to simulate it in order to avoid a recurrence in the future, but the one thing that struck Elie that day was the belief that what actually happened on 19th October 1987 is simply non reproducible outside 19th October 1987 - you cannot reduce it to a chain of causes and effects, or even to a random generator, that can then be reproduced or represented in a theoretical framework. The Blank Swan is Elie's highly original treatise on the financial markets - presenting a totally revolutionary rethinking of derivative pricing and technology. It is not a diatribe against Nassim Taleb's The Black Swan, but criticises the whole background or framework of predictable and unpredictable events - white and black swans alike - , i.e. the very category of prediction. In this revolutionary book, Elie redefines the components of the technology needed to price and trade derivatives. Most importantly, and drawing on a long tradition of philosophy of the event from Henri Bergson to Gilles Deleuze, to Alain Badiou, and on a recent brand of philosophy of contingency, embodied by the speculative materialism of Quentin Meillassoux, Elie redefines the market itself against the common perceptions of orthodox financial theory, general equilibrium theory and the sociology of finance. This book will change the way that we think about derivatives and approach the market. If anything, derivatives should be renamed contingent claims, where contingency is now absolute and no longer derivative, and the market is just its medium. The book also establishes the missing link between quantitative modelling (no longer dependent on probability theory but on a novel brand of mathematics which Elie calls the mathematics of price) and the reality of the market.

**The Blank Slate** Jul 01 2022 A brilliant inquiry into the origins of human nature from the author of Rationality, The Better Angels of Our Nature, and Enlightenment Now. "Sweeping, erudite, sharply argued, and fun to read..also highly persuasive." --Time Updated with a new afterword One of the world's leading experts on

language and the mind explores the idea of human nature and its moral, emotional, and political colorings. With characteristic wit, lucidity, and insight, Pinker argues that the dogma that the mind has no innate traits—a doctrine held by many intellectuals during the past century—denies our common humanity and our individual preferences, replaces objective analyses of social problems with feel-good slogans, and distorts our understanding of politics, violence, parenting, and the arts. Injecting calm and rationality into debates that are notorious for ax-grinding and mud-slinging, Pinker shows the importance of an honest acknowledgment of human nature based on science and common sense.

**Blank** Aug 02 2022 Full color edition. Black and white edition also available. "Schneiderman's novel [exists] in historical and interdisciplinary context, to show that his book enters into an ongoing conversation.... Perhaps the novel is not the most important aspect of the work; maybe the conversations, questions, reactions engendered by the object of the novel are more important." -Christopher Higgs, HTMLGiant Davis Schneiderman's 200-page novel, Blank, contains only 20 compelling chapter titles and pyrographic (burned paper) drawings by artist Susan White, with color photographs of sky by writer/publisher Debra Di Blasi. The story's meaning is, as it has always been, up to the reader. When you buy this book, Jaded Ibis Press donates half of our proceeds to the Vanuatu Pacifica Foundation and Tanna Center for The Arts, a project founded by renowned experimental musician Paul D Miller aka DJ Spooky, who composed and performed remixes of Bach's Goldberg Variations 1-3 for this novel.

The artists retreat will function as a closed-loop demonstration model, incorporating a digital media lab and island-restorative education center to aid the goals expressed by the people of this tropical paradise. "Help fortify global understanding of one another and the changes we face together." - Paul D Miller aka DJ Spooky

Get Blank Oct 24 2021 The sequel to MR BLANK, "a simile-laden, antihero joyride with twists and turns that will keep you on your toes." (Fanboy Comics review) - - - I'm retired. No, really. No more running around, doing the scut work for every conspiracy in the Information Underground. I quit all that a year ago, got myself a nice quiet life up the coast, doing normal things with normal people like my girlfriend, Mina. And then someone framed her for murder. Now I'm coming out of retirement to figure out who wants her behind bars - and me dead. Again. At least this time I'm pretty sure it's not aliens. Or the government. Might still be the Russian mob, but at least Bigfoot's on my side. I don't know who to trust, and I don't know how I'm going to survive this one, especially with an unkillable hitman, some Satanists, and a couple of lunatic movie stars gunning for me. But one thing's for sure... I really need a better career plan.

The Blank Page Jun 19 2021 Is a blank page really blank? Beloved poet Alberto Blanco pulls back the curtain and illuminates all of the elements hidden in a single piece of paper: the tree it was made from, the rain and sun that allowed the tree to grow, and the people that created it. An enlightening read for readers young and old, it soon becomes clear that a blank page contains the whole cosmos. In The Blank Page, world-renowned Mexican poet Alberto Blanco inspires children and adults to keep looking deeper, to never take things at face value. Charming illustrations by Rob Moss Wilson portray a world that slowly comes to life in a single sheet of paper: first the tree, then the forest, then the people are discovered, revealing the whole interrelated ecosystem of our world. As Blanco says: "Where nothing happens, there is a miracle we are not seeing."
