Madumo, a Man Bewitched
Aug 03 2020 No one answered
when I tapped at the back door
of Madumo's home on
Mphahlele Street a few days
after my return to Soweto, so I
pushed the buckling red door

in a screeching grind of metal
over concrete and entered
calling, "Hallo?" So begins this
true story of witchcraft and
friendship set against the
turbulent backdrop of
contemporary Soweto. Adam
Ashforth, an Australian who
has spent many years in the
black township, finds his
longtime friend Madumo in
dire circumstances: his family
has accused him of using
witchcraft to kill his mother

and has thrown him out on the
street. Convinced that his life is
cursed, Madumo seeks help
among Soweto's bewildering
array of healers and prophets.
An inyanga, or traditional
healer, confirms that he has
indeed been bewitched. With
Ashforth by his side, skeptical
yet supportive, Madumo
embarks upon a physically
grueling treatment regimen
that he follows religiously-
almost to the point of death-

despite his suspicion that it may be better to "Westernize my mind and not think about witchcraft." Ashforth's beautifully written, at times poignant account of Madumo's struggle shows that the problem of witchcraft is not simply superstition, but a complex response to spiritual insecurity in a troubling time of political and economic upheaval. Post-apartheid Soweto, he discovers, is suffering from a deluge of witchcraft. Through Madumo's story, Ashforth opens up a world that few have seen, a deeply unsettling place where the question "Do you believe in witchcraft?" is not a simple one at all. The insights that emerge

as Ashforth accompanies his friend on an odyssey through Soweto's supernatural perils have profound implications even for those of us who live in worlds without witches. *Calcutta Review* Jul 22 2019 *Melusi's Everyday Zulu* Feb 21 2022 Duduza. Bopha. Imbiza. Phapha. Asixoliseni. Amapopeye . . . What is the power of a single word? Six days a week, advertising creative Melusi Tshabalala posts a Zulu word on his Everyday Zulu Facebook page and tells a story about it. His off-beat sense of humour, razor-sharp social observations and frank political commentary not only teaches his followers isiZulu but also offer insight

into the world Melusi inhabits as a 21st century Zulu man. Over the past few months he has built up a big and a loyal following that include radio host Jenny Crwys-Williams and Afrikaans author Marita van der Vyfer. He pokes fun at our differences and makes us laugh at ourselves and each other. Melusi asks critical questions of everyone, from Auntie Helen, Dudu-Zille to Silili (Cyril Ramaphosa) and even Woolworths (why are their aircons always set on 'jou moer'?) His fans love him for his honesty and commitment to pointing out subtle and overt forms of prejudice and racism. Melusi's Everyday Zulu holds up a mirror that shows South

African society in all its flaws and its sheer humanity. Most importantly, he shows the power of words and that there's um'zulu in all of us!

English Language as Hydra

Mar 10 2021 In far too many places, the worldwide trade in English-language teaching, testing and publishing has become a self-perpetuating, self-congratulating, neocolonial monster ... a veritable multi-headed Hydra. Too often the English language industry aggressively promotes itself as some sort of "uplifting", "essential", "proper" or even "better" means of communication than any other language. Unfortunately, its relentless global outreach is taking place at the direct expense, and the active

denigration, of local and regional languages – not to mention individual identities. English Language as Hydra brings together the voices of linguists, literary figures and teaching professionals in a wide-ranging exposé of this monstrous Hydra in action on four continents. It provides a showcase of the diverse and powerful impacts that this ever-evolving, gluttonous beast has had on so many non-English language cultures - as well as the surreptitious, drug-like ways in which it can infiltrate individual psyches.

“Noah’s childhood stories are told with all the hilarity and intellect that characterizes his comedy, while illuminating a dark and brutal period in South Africa’s history that must never be forgotten.”—Esquire Winner of the Thurber Prize for American Humor and an NAACP Image Award • Named one of the best books of the year by The New York Time, USA Today, San Francisco Chronicle, NPR, Esquire, Newsday, and Booklist Trevor Noah’s unlikely path from apartheid South Africa to the desk of The Daily Show began with a criminal act: his birth. Trevor was born to a white Swiss father and a black Xhosa mother at a time when such a

union was punishable by five years in prison. Living proof of his parents' indiscretion, Trevor was kept mostly indoors for the earliest years of his life, bound by the extreme and often absurd measures his mother took to hide him from a government that could, at any moment, steal him away. Finally liberated by the end of South Africa's tyrannical white rule, Trevor and his mother set forth on a grand adventure, living openly and freely and embracing the opportunities won by a centuries-long struggle. Born a Crime is the story of a mischievous young boy who grows into a restless young man as he struggles to find himself in a world where

he was never supposed to exist. It is also the story of that young man's relationship with his fearless, rebellious, and fervently religious mother—his teammate, a woman determined to save her son from the cycle of poverty, violence, and abuse that would ultimately threaten her own life. The stories collected here are by turns hilarious, dramatic, and deeply affecting. Whether subsisting on caterpillars for dinner during hard times, being thrown from a moving car during an attempted kidnapping, or just trying to survive the life-and-death pitfalls of dating in high school, Trevor illuminates his curious world with an incisive

wit and unflinching honesty. His stories weave together to form a moving and searingly funny portrait of a boy making his way through a damaged world in a dangerous time, armed only with a keen sense of humor and a mother's unconventional, unconditional love.

Learning Zulu May 24 2022

"Why are you learning Zulu?" When Mark Sanders began studying the language, he was often asked this question. In *Learning Zulu*, Sanders places his own endeavors within a wider context to uncover how, in the past 150 years of South African history, Zulu became a battleground for issues of property, possession, and deprivation. Sanders combines elements of analysis and memoir to explore a complex

cultural history. Perceiving that colonial learners of Zulu saw themselves as repairing harm done to Africans by Europeans, Sanders reveals deeper motives at work in the development of Zulu-language learning—from the emergence of the pidgin Fanagalo among missionaries and traders in the nineteenth century to widespread efforts, in the twentieth and twenty-first centuries, to teach a correct form of Zulu. Sanders looks at the white appropriation of Zulu language, music, and dance in South African culture, and at the association of Zulu with a martial masculinity. In exploring how Zulu has come to represent what is most

properly and powerfully African, Sanders examines differences in English- and Zulu-language press coverage of an important trial, as well as the role of linguistic purism in xenophobic violence in South Africa. Through one person's efforts to learn the Zulu language, *Learning Zulu* explores how a language's history and politics influence all individuals in a multilingual society.

The Black and White

Rainbow Aug 15 2021 Nation-building imperatives compel citizens to focus on what makes them similar and what binds them together, forgetting what makes them different.

Democratic institution building, on the other hand, requires fostering opposition through conducting multiparty elections and encouraging debate.

Leaders of democratic factions, like parties or interest groups, can consolidate their power by

emphasizing difference. But when held in tension, these two impulses—toward remembering difference and forgetting it, between focusing on unity and encouraging division—are mutually constitutive of sustainable democracy. ?Based on ethnographic and interview-based fieldwork conducted in 2012–13, *The Black and White Rainbow: Reconciliation, Opposition, and Nation-Building in Democratic South Africa* explores various themes of nation- and democracy-building, including the emotional and banal content of

symbols of the post-apartheid state, the ways that gender and race condition nascent nationalism, the public performance of nationalism and other group-based identities, integration and sharing of space, language diversity, and the role of democratic functioning including party politics and modes of opposition. Each of these thematic chapters aims to explicate a feature of the multifaceted nature of identity-building, and link the South African case to broader literatures on both nationalism and democracy.
